

**Activity no. 1**  
**on account of**  
**BIG BUTTERFLY MONTH - 2023**  
**by**  
**Dept of EvS & BWCM**

<b>Name of activity</b>	<b>A demonstration of iNaturalist</b>
<b>Objectives of the activity (maximum 40 words)</b>	iNaturalist is a nonprofit social network and mobile application for naturalists, citizen scientists, and students built on the concept of mapping and sharing observations of biodiversity across the globe. This tool can be used by the user to identify unknown species via communication with relevant experts. This data can also be accessed by budding researchers for respective study of biodiversity and ecology.
