

## **Inauguration of Research Scholar Programme**

The Research Scholar Programme was inaugurated on 4<sup>th</sup> April, 2014 in the Patanjali Auditorium by Dr. Sagarika Damle, Associate Professor, Department of Life Science of K.C. College, Churchgate. Dr. Damle emphasized about the significance of research not only in academics but also in everyday life. She narrated real life incidents of undergraduate students who participated as well as excelled in this program with positive results. She enlightened the students about the multiple benefits of this program including punctuality, improvement in laboratory skills, keeping an open mind to any challenge, technical skills, team work etc. She stressed the need of a good rapport development between the research guides and their students for creating a healthy and happy research environment. She encouraged the students to attend all the modules prepared by the teachers. She mentioned that every student shall benefit from this program as they can decide if they should pursue research as their careers or not.

Dr. Sagarika Damle concluded by saying that at the end of the program every research scholar would have gained many good friends for life in the form of their guides and team mates and appreciated the efforts and initiative taken by Principal Madam Dr.(Mrs.)M.K.Pejaver for the said programme. Madam thanked Vice Principal Dr. R. P. Athalye Sir for his kind concluding remarks and also appreciated the efforts taken by Co-ordinator, Dr.(Mrs.) Pooja V. Jagasia for leading this programme. Total 32 students and 11 teachers were present for the Inaugural function.
