

V.P.M.'S B. N. Bandodkar College of Science, (Autonomous) Thane Academic Activities and Calendar (Tentative)- 2023-2024

Commencing with the new academic year 2023-2024, on-campus Teaching, Learning, and evaluation activities will reconnect students with their teachers. The delight of learning by doing will begin the ball rolling, and campus life shall be restored to its former shining and glory. The co-curricular, extracurricular, and social outreach activities established from the college platform will encourage student participation outside of the classroom and off campus, helping fulfill community responsibility and develop the student's character. We hope the new academic year 2023-2024 restores the joy of studying together while progressing

The calendar is tentative

- The institution holds the right to make changes to the timetable at any time and without previous notice. Exams may be postponed because of unexpected emergencies, calamities, demonstrations among the public, strikes, and various other circumstances. You should plan your vacation with such unplanned and unexpected postponements in consideration. The institution takes no responsibility for such delays/ postponements.
- All the committee coordinators are hereby informed that, if the committee calls students during class hours of the CHB teacher's lectures timing for attending the committee program, in that case, the CHB teacher will be missing his allotted lecture and will have an economic loss. See that the CHB teacher's lectures students will not miss the lectures and Practicals.
- There will be only one common guest for all departmental festivals, for club inaugurations, and for all the festivals of all departments including the club inaugurals. The all departmental programs will be on the same common day and date. This is to avoid the unnecessary expenses of the institution. It is essential.
- As conducting exams and evaluation is the responsibility of the teachers, no teacher is allowed to proceed on vacation without submitting the semester results of the subject/s taught and exams conducted and evaluated by the teacher concerned to the Head of the Department.
- If some Departments would like to have more days for the end-semester exams, such Departments may propose the same in writing to the Controller of Examinations as per the existing practice, to obtain the approval of the Principal.
- As there are less students in the college admission, The calendar committee is suggesting and advising in the interest of the students that the NSS residential camp should take with it minimum students only.
- It is also suggested that all the committees should conduct only as required programs to avoid the academic loss of lectures to the students.
- The committees should arrange the programme after lecture hours only because during the lectures if students attend the committee program, then it will make the academic loss of the students.
- *As the calendar is prepared with reference to google calendar, there may be some errors in the day and date which can be adjusted.*
